QUESTION OF ST. HELENA

Decision adopted by the Special Committee at its
1393rd meeting, on 14 August 1991

The Special Committee, having examined the question of St. Helena, reaffirms the inalienable right of the people of St. Helena to self-determination and independence in conformity with the Declaration on the Granting of Independence to Colonial Countries and Peoples, contained in General Assembly resolution 1514 (XV) of 14 December 1960. The Committee urges the administering Power, in consultation with the Legislative Council and other representatives of the people of St. Helena, to continue to take all necessary steps to ensure the speedy implementation of the Declaration in respect of the Territory and, in that connection, reaffirms the importance of promoting an awareness among the people of St. Helena of the possibilities open to them in the exercise of their right to self-determination. The Committee reaffirms the responsibility of the administering Power to promote the economic and social development of the Territory and calls upon the administering Power to continue, in cooperation with the territorial Government, to strengthen the economy and to increase its assistance to diversification programmes. The Committee urges the administering Power, in cooperation with the territorial Government, to continue to take effective measures to safeguard and guarantee the inalienable right of the people of St. Helena to own and dispose of the natural resources of the Territory, including marine resources, and to establish and maintain control over the future development of those resources. The Committee expresses the view that the administering Power should continue to implement infrastructure and community development projects aimed at improving the general welfare of the community, including the unemployment situation, and to encourage local initiative and enterprise, particularly in the areas of fisheries development,

forestry, handicrafts and agriculture. The Committee reaffirms that continued development assistance from the administering Power, together with any assistance that the international community might be able to provide, constitutes an important means of developing the economic potential of the Territory and of enhancing the capacity of its people to realize fully the goals set forth in the relevant provisions of the Charter of the United Nations. The Committee, in that connection, welcomes the assistance rendered by the United Nations Development Programme and invites other organizations of the United Nations system to assist in the development of the Territory. The continued presence of military facilities in the Territory prompts the Committee, on the basis of previous United Nations resolutions and decisions concerning military bases and installations in colonial and Non-Self-Governing Territories, to urge the administering Power to take measures to avoid the involvement of the Territory in offensive acts or interference against neighbouring States. The Committee considers that the possibility of dispatching a United Nations visiting mission to St. Helena at an appropriate time should be kept under review, and decides to continue to examine the question of St. Helena at its next session, and to report thereon to the General Assembly at its forty-seventh session.

Resolution adopted by the Special Committee at its
1393rd meeting, on 14 August 1991

The Special Committee,

Referring to resolution A on the questions of American Samoa, Anguilla, Bermuda, the British Virgin Islands, the Cayman Islands, Guam, Montserrat, Tokelau, the Turks and Caicos Islands and the United States Virgin Islands,

Taking note of the Trusteeship Agreement concluded between the Administering Authority and the Security Council with regard to the Trust Territory of the Pacific Islands, 1/

Mindful that, under Article 83 of the Charter of the United Nations, the Security Council shall exercise all functions of the United Nations relating to strategic areas, including the approval of the terms of the trusteeship agreements and of their alteration or amendment,

Confident that special attention will continue to be given by the Security Council to the full implementation of all provisions of the Trusteeship Agreement,

Noting that the Administering Authority has taken measures to distribute the financial payments for unpaid war damage claims to the people of the Trust

Bearing in mind the right of the people of the Trust Territory to oppose the presence of nuclear, chemical and biological weapons in areas under their territorial jurisdiction,

2. Takes note of the adoption by the Security Council of resolution 683 (1990) on 22 December 1990, by which it determined, in the light of the entry into force of the new status agreements for the Federated States of Micronesia, the Marshall Islands and the Northern Mariana Islands, that the objectives of the Trusteeship Agreement had been fully attained and that the applicability of the Trusteeship Agreement had terminated with respect to those entities;

3. Expresses the hope that Palau, the only remaining Territory under the Trusteeship Agreement, will be able to complete the process of exercising its right to self-determination in due course;

5. Urges the Administering Authority to assist the maritime authorities of the Trust Territory in strengthening the existing legislation concerning the exploitation, management and conservation of a 200-mile exclusive economic zone, and reaffirms its conviction that the rights of the people of Palau over such a zone should be respected and that they should receive all benefits deriving from it;

6. Stresses the need to preserve the cultural identity and heritage of the people of Palau, and calls upon the Administering Authority to take all necessary steps towards that end;

7. Takes note of the interest of the people of the Trust Territory in the creation of a nuclear-free zone in the Pacific.
